### **K-383 work to resume in Phillips County**

The Kansas Department of Transportation will resume work on a portion of K-383 in Phillips County starting the week of March 20.

Construction crews will be completing final surfacing and shoulder work on the 6-mile stretch that was reconstructed in 2022, starting 3 miles east of Long Island and ending at the U.S. 183 junction. Pavement markings and rumble strips will also be installed. During construction, traffic will be reduced to one lane and directed through the work zone by flaggers and a pilot car. Delays up to 15 minutes should be anticipated.

KDOT expects the work to be completed by mid-May, conditions permitting.
